Afterschool Academic Enrichment: Expect Success!

September 19, 2011 – June 7, 2012

Benefits of the Afterschool Academic Enrichment Program

Academic Achievement:

Practice makes permanent. Students who participate in an enrichment program and are exposed to material in the content areas will experience positive effects in their regular education program. This includes an increase in math skills and reading comprehension.

Certified Instructor Assistance:

Students can utilize the expertise of a certified educator in a positive classroom environment.

Positive Peer Motivation:

Like-minded students breed both enthusiasm and inspiration for one another that may be a driving force to do well in the regular classroom.

AFTERSCHOOL ACADEMIC ENRICHMENT FOCUSES ON ASSISTANCE FOR:

- ➔ **Math Courses**
- ➔ **Language Arts Courses**
- ➔ **Science Course**
- ➔ **Social Science Courses**
- ➔ **Foreign Language Courses**
- ➔ **Small Study Groups**
- ➔ **Individualized Instruction**
- ➔ **Homework Help**

Afterschool Academic Enrichment – Parent Permission Form 2011-2012

Last Name: _____ First Name: _____

Student I.D. _____ Grade: _____ Phone: _____

Address: _____

I, (Parent/Guardian Name): _____ (Signature): _____

do hereby give permission for the above named child to participate in the Penn Hills High School, Afterschool Academic Enrichment program. I understand that submission of this permission form enables my child to participate in this program on a volunteer basis throughout the 2011-2012 school year. Furthermore, my child understands that participation may be adjusted or restricted due to discipline issues.

Visit the High School Guidance Office for more information and /or a registration form or contact Patrick F. Gavin, Associate Principal, ext. 5204
